

BANK OF AMERICA BEGINS TRAINING HIGH SCHOOLERS TO BE CYBERSECURITY EXPERTS

Ahmad Zoua discusses with American Banker the importance of hands on experience for young students who want to pursue a career in cybersecurity.

AHMAD ZOUA PMP

Director, Cybersecurity + Infrastructure

Ahmad's proven experience as an engineer and project manager allows him to handle a broad range of projects from inception to completion. While overseeing projects from designing and planning to commissioning and testing, Ahmad fosters an environment of teamwork and ensures that strategy is clearly defined and clients' expectations are met. His expertise with data center preparation, design and construction are invaluable for clients as they take the necessary steps to ensure continued operations in the wake of heightened concerns. This includes security and telecommunication systems design, cybersecurity, quality control reviews, and data network migration and integration.
