

NATIONAL CONFERENCE ON AI LAW, ETHICS AND COMPLIANCE

Government officials, leading AI ethics and safety thought leaders, business, legal and compliance executives, privacy and IP legal practitioners, data scientists, and more discuss how to address the impact of the “AI Revolution” on businesses, compliance status, ethics and safety programs, and legal exposure. [Julie Myers Wood](#) will join the cross-functional faculty and delve into the big-ticket risks, including privacy concerns, compliance challenges, security checks and more during the session, “Privacy Guardrails, Data Security-and Your Risk Mitigation Strategy: Tailoring Your Impact Assessment, Program- and Addressing Red Flags and Suspected Violations.”

JULIE MYERS WOOD

Chief Executive Officer

As the Chief Executive Officer of Guidepost Solutions, I focus on helping corporations resolve problems with government agencies, and ensure they are proactively addressing compliance requirements. Prior to joining the private sector, I held leadership positions with the U.S. Departments of Homeland Security, Commerce, Treasury and Justice. This includes serving as the Head of Immigration and Customs Enforcement, Homeland Security’s largest investigative component, as well as the Assistant Secretary for Export Enforcement and the Chief of Staff for the Criminal Division at the Department of Justice. Throughout my government and private sector career, I have helped develop, implement and execute compliance programs and crisis management plans and responses across a wide range of industries for numerous companies. I am nationally recognized as a speaker for my expertise on compliance, security, immigration and other law enforcement issues and have testified before Congress.
