

EXPERTS WARN: AMIDST BUDGET CUTS, THE PANDEMIC CALLS FOR STEPPING UP SECURITY EFFORTS

Hacker Noon

Ahmad Zoua provides a few tips on how businesses can safeguard themselves against cyberattacks during these unprecedented times, while keeping their spending under control.

AHMAD ZOUA PMP

AVP, Cybersecurity & Infrastructure

Ahmad's proven experience as an engineer and project manager allows him to handle a broad range of projects from inception to completion. While overseeing projects from designing and planning to commissioning and testing, Ahmad fosters an environment of teamwork and ensures that strategy is clearly defined and clients' expectations are met. His expertise with data center preparation, design and construction are invaluable for clients as they take the necessary steps to ensure continued operations in the wake of heightened concerns. This includes security and telecommunication systems design, cybersecurity, quality control reviews, and data network migration and integration.
