

WHY AMERICANS SHOULD CARE ABOUT MUELLER'S COUNTERINTELLIGENCE PROBE—ASIDE FROM ANY CRIMINAL OR POLITICAL IMPLICATIONS

Just Security -

As a contributing author for *Just Security*, Stephanie Douglas writes about how the counterintelligence investigation being conducted can help defend against future efforts by intelligence services to interfere with America's elections.

STEPHANIE DOUGLAS

President, National Security Practice

Stephanie Douglas focuses on sensitive internal and white-collar crime investigations, corporate security programs, intellectual property (IP) protection and investigations, and proactively educating executives about insider threats. She has extensive experience in the management of criminal and national security investigations, domestic and global security operations and policy development and strategy. Ms. Douglas has had a distinguished career in both the private and public sectors. After 23 years, she retired as a Senior Executive from the Federal Bureau of Investigation where she served in a variety of influential roles. She also served as the senior director of corporate security for Pacific Gas & Electric prior to joining Guidepost Solutions.
