Mobile: +1 469 615 7200

Email: tdozier@guidepostsolutions.com

OVERVIEW

Tony Dozier is an experienced security technology professional with a talent for development and management and a strong technical background. He builds world-class technically based solutions by fostering a culture of data-driven continuous improvement and collaboration and enjoys a proven history of fostering growth to meet team, individual and management objectives.

Mr. Dozier strives for superior results through leadership, agility, and continuous innovation. He responds rapidly to competitive and market changes through client co-innovation, strategy, vision, and operational excellence. He leverages agile development to predictively deliver high-quality products and solutions.

Immediately prior to joining Guidepost, Mr. Dozier led a team responsible for cultivating new and existing business in the electronic security solutions sector.
