

CHUCK ADAMS CSPM, PSP

SENIOR PROJECT MANAGER

Office: 469.631.9048

Email: [cadams@guidepostsolutions.com](mailto:cadams@guidepostsolutions.com)

## OVERVIEW

Chuck Adams has more than 25 years of experience in the security integration field, with deep expertise in access control and video surveillance systems. As a senior project manager at Guidepost, Mr. Adams supports clients and engagements by performing security systems assessments, providing recommendations and guidance, and designing electronic security systems. He provides innovative security solutions that address client needs and meet budget requirements.

In his previous position, Mr. Adams served as a regional installation manager, where he oversaw the completion of large-scale installation projects incorporating SoftwareHouse Access control, Verint VMS and cameras, Lenel Access Control and Axis cameras, and Salient VMS and Sony cameras.
