## OVERVIEW

David Cabezas provides project assistance and design support. His systems experience includes access control, video surveillance and door hardware. His knowledge in conducting risk assessments qualifies him to evaluate existing conditions of security elements. Mr. Cabezas has a background in mechanical engineering studies which allow for a holistic viewpoint into security systems consulting and design. He understands how to communicate with multiple external stakeholders and project managers to ensure that projects are completed on time, on budget, and to the client's satisfaction.

## SOLUTIONS
