## OVERVIEW

Dominique D. Majon is a BIM coordinator with more than 21 years of experience working with Autodesk products, designing and drafting systems for buildings. He has coordinated work with other trades using the BIM process and has led that process using Navisworks for clash detection and building infrastructure pre-planning. In addition to BIM, Mr. Majon has experience designing security, telecom, fiber, power, fire alarm, audio visual, nurse call, infant tagging systems among others. He has in-depth knowledge of autodesk revit, autodesk autocad, autocad MEP, autodesk navisworks and bentley microstation. Mr. Majon can also program points for use in the nomad tool from Trimble.

## SOLUTIONS

Audiovisual

Telecommunications

Fire Alarm

Security Consulting

## EXPERIENCE

- Designed and coordinated security, telecom, electrical, fire alarm, nurse call, audio-visual and other systems for healthcare clients including the University of Chicago Hospitals, Kaiser Permanente, Methodist Healthcare, and Children's Memorial hospitals.
- Designed and coordinated security, electrical and telecom systems for data center clients including Digital Realty, NTT, T5, QTS, Verizon and others in both the US and Europe.
- Designed and coordinated electrical and security systems for high-tech clients including the Texas Center for Proton Therapy and Merck/MSD.
- Provided high-rise security design for the Salesforce tower in San Francisco, Willis tower in Chicago, Hudson Yards in New York and the Devon Energy Building in Oklahoma City.
- Design of art and museum institutions including Perot Museum of Nature and Science, Kimble Art Museum, and the Field Museum.

- Security design and coordination for educational institutions including San Diego State University, University of Chicago, University of Illinois – Chicago and multiple school districts nationwide.
- Security and electrical design and coordination for correctional facilities including the California Department of Corrections, Vermont State Correctional Facilities, and Denton County Juvenile Correction.
- Security and electrical design and coordination for government buildings nationwide including Cook County Courts in Chicago, Denton County Courts in Texas, and Santa Clara County Courts in California
