

TIMOTHY SUTTON CPP,  
CHPA, PSP

SENIOR SECURITY CONSULTANT

Office: +1 312 291 9788

Mobile: +1 312 937 0137

Email: [tsutton@guidepostsolutions.com](mailto:tsutton@guidepostsolutions.com)

## OVERVIEW

Timothy Sutton has more than 30 years of security experience. His expertise includes operational security management and program development, loss prevention, physical security and risk assessments, and technical security systems design and implementation. He has worked with clients in diverse sectors including medicinal and adult-use cannabis, healthcare, retail, government, manufacturing, and multi-use properties.

Prior to joining Guidepost Solutions as a Senior Security Consultant, Mr. Sutton worked as a director of security for Greenhouse Group and its Grassroots and Herbology banners, responsible for enterprise security risk management in all markets. He authored Security, Emergency Action and Fleet Safety Plans along with security training and operations manuals. He also conducted new hire background investigations and security advances at dispensaries. Prior to Greenhouse, he worked as the director of security for Revolution Enterprises with similar security responsibilities.

Mr. Sutton is a highly, sought-after security subject matter expert within the cannabis security industry and gives presentations at numerous events, including the 2018 Global Security Exchange where he addressed "Securing the Medical Cannabis Industry from Seed to Sale." He first entered the cannabis industry as a security consultant with Sorensen, Wilder & Associates when he authored security content for the extremely competitive Illinois permit application process winning two cultivation permits and three dispensary permits. After winning five IL permits, Mr. Sutton provided security consulting services and authored security content for applications and operations in multiple states.

In addition to operational roles within the cannabis industry, Mr. Sutton has worked as a hospital security director, manufacturing facility security coordinator, and retail director of loss prevention. He held several positions within Midwest Integrated Solutions including account executive, senior systems engineer, and licensee in charge.
