

ZAC TENNYSON

SENIOR PROJECT MANAGER

Office: +1 480 999 5859

Mobile: +1 480 550 2315

Email: ztennyson@guidepostsolutions.com

OVERVIEW

Zac Tennyson's 8 years of security industry experience include 6 years of system service and installation project management experience and 2 years of system designs, execution and project management. Systems experience includes the design, procurement and project management of Card Access Control Systems, Closed Circuit Television Systems, and Digital Video Archival Systems. He performs key roles in ongoing project supervision, coordination, specification clarifications, and becomes the security interface with the project architect and general contractor.

Mr. Tennyson has created budgets, designed and managed complex integrated security projects. He has accomplished bid analysis and sub-contractor negotiations, recommendations, and awarded contracts.
