

# INVESTIGATIONS + BUSINESS INTELLIGENCE

At Guidepost Solutions, our investigative services, combined with data analytics, computer forensics and cyber response solutions, help clients strengthen cases, avoid pitfalls, identify opportunities and make key decisions.

Our in-house team includes licensed investigators with backgrounds as federal and local prosecutors and law enforcement agents; digital forensic experts and reverse malware engineers; forensic accountants; data and intelligence analysts; and former federal agents from the U.S. Department of Homeland Security, the Federal Bureau of Investigation, the Internal Revenue Service, the U.S. Secret Service, and the U.S. Marshal Service who have extensive experience testifying as experts in federal and state courts.

Our unique capabilities, relationships and tools, allow our professionals to respond to the increasingly complex challenges clients face and effectively undertake any scope of investigations – nationwide and on a moment's notice.

Whatever the context of the investigation, our investigative team tackles each assignment with the objective of providing clients with the information required to make educated decisions, solve problems and protect assets.

For the past couple of years, Guidepost Solutions has received numerous recognitions from the legal industry for its investigative and risk management services.
